

Ten years ago it was not uncommon to see a group of local residents wearing aqua blue T-shirts or displaying bumper stickers boldly announcing the following message:

★ *Control Your Fate* ★
INCORPORATE

★★★★★★★★★★★★★★★★

This determined group of Fountain Hills residents called themselves the Citizens for Self-Government Committee and they shared a vision of what their community could become as an incorporated town. Two previous attempts to incorporate the community of Fountain Hills had failed but committee members felt that the influx of new residents combined with a clearly focused campaign strategy would lead to success in '89. The strategy was to clearly and simply demonstrate that incorporation would work. Since 1971, Fountain Hills had been an unincorporated community dependent upon Maricopa County for all governmental services. Residents paid taxes that benefited all incorporated cities and towns through the state shared revenue program. Incorporationists viewed these funds as "lost" money....money that could be used to operate and benefit their own town. They knew that the constitution and state laws gave cities and towns well defined authorities to provide for the health, safety and well being of their citizens. Incorporation would provide the community with the tools necessary to build a town designed by expert architects.....the citizens themselves.

A former member of an earlier incorporation committee, John Cutillo was the overwhelming choice to chair Citizens for Self-Government. Mike Minarsich served as secretary and treasurer Erv Trisko kept careful tabs on the Committee's funds. The first few meetings produced sign up sheets bearing names such as Bentson, Bill, Charles, Cutillo, Drabenstot, Erickson, Fox, Froncek, Gill, Hagan, Hansen, Kostura, LeVine, Marsh, Miletta, Minarsich, O'Brien, Pittsenbarger, Porterfield, Post, Rairigh, Regeski, Strohm, Tancredi, Trisko and Winter. As momentum for the movement grew, so did the list of volunteers. Letters were written, ads created, budgets produced, rallies were sponsored, Bruce Hansen's spaghetti dinner fund raisers made their debut, debates were held, telephones were manned, endless meetings filled countless evenings, 100 residents participated in the infamous "December 2nd Walk" covering the entire community with literature. And on December 5, 1989, the voters of Fountain Hills turned out in record numbers to incorporate their community and become the Town of Fountain Hills.

The decade of the '90's became the decade of dreams coming true. As the incorporationists had promised, the Town began filling the needs and wants of its citizens. Building safety services were locally provided, the Marshal Department was created to enforce ordinances and enhance the quality of life, a Zoning Ordinance and General Plan were adopted to guide future growth, award-winning parks were built and programs offered for all ages, dirt roads became paved streets, educational opportunities increased and Fountain Hills became one of the best places to raise a family.

On December 5th, we will celebrate the tenth anniversary of incorporation. On December 4th as we join together on the Avenue of the Fountains to enjoy the annual lighting and participate in the 10th Anniversary festivities, take a moment to have a piece of cake, pick up one of the commemorative bumper stickers.....

“Help Us Help You”

With the New Year coming everyone is immersed in what might happen. All those scary articles and television reports have some people thinking about hiding in their basements, if we had them, and coming out sometime after the New Year. I feel that all of the major problems have been taken care of, but there will be probably some minor glitches.

The Marshals Department will be open and all emergency services will be ready in case they are needed.

During the Holiday season the Marshals Department will be promoting traffic safety by looking for acts of driving courtesy. Those spotted will be stopped and given a gift donated by the local Kiwanis Club.

As a reminder the Marshals Department has services that include starting a Blockwatch, having a Home Security Evaluation performed by one of our Community Service officers, Kid-Care ID and RUOK Program. If you have any questions about these or any other questions contact the Marshals Department at 480-837-8800. Have a Great Holiday Season!

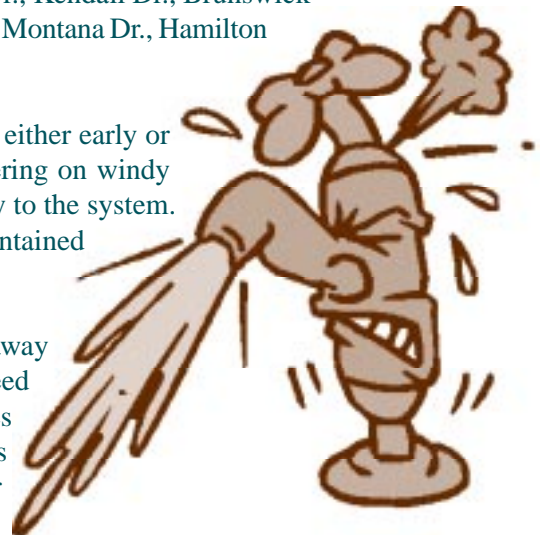

Chapparral City Water Company

CCWC has begun a new line replacement program in the areas listed below. This program will take about six months. We will be trying to best inform customers of temporary water outages that may affect their homes as soon as we become aware of them. Please be looking for yellow door hangers on your front doors indicating water outage dates and times on your street. We apologize for any inconvenience this project may cause, but the end result is better water service provided to the residents of Fountain Hills. If you have any questions regarding this program, please feel free to contact our Field Services Department at (480) 837-9522, extension 218.

Streets affected: Edgeworth Dr., Bradford Dr., Mayflower Dr., Bristol Bay, New Market Ct., Oxford Pl., Greenhurst Ave., Briarwood Dr., Winston Ln., Fairlynn Dr., Bainbridge Ave., Dickens Ct., Heather Dr., Fayette Dr., Drury Ln., Vern Pl., Hyde Park Pl., Westminster Pl., Stancress Dr., Wendover Dr., Midland Dr., Keymar Dr., Isben Dr., Galatea Dr., Sherwood Dr., Bayfield Dr., Fairfax Dr., Cameo Dr., Ashbrook Dr., Kendall Dr., Brunswick Dr., Cotswold Ct., Sussex Pl., Westby Dr., Almont Dr., Cambria Dr., La Montana Dr., Hamilton Dr., Montrose Dr.

Wise Water Tip: Water your lawn or garden with good sense. Water either early or late, never in midday when water evaporates the most. Avoid watering on windy days and make sure all sprinkler and drip heads are attached securely to the system. Most high consumption is due to excessive watering or poorly maintained watering systems.

Customer Assistance: Please ensure that your landscaping is trimmed away from your meter box. In order to accurately read your meter, we need complete and clear access to your meter box. Also, trimming bushes away from boxes ensure that our field technicians won't encounter as many of nature's "little creatures" when they are trying to read your meter.

Fountain Hills Fire Department Safety Tips

The National Fire Protection's latest report shows that December, January and February are the leading months for U.S. home fires and home fire deaths. On average, more than one-third of home fire deaths in the United States occurs during the winter months.

The biggest fire culprit is home heating from the misuse of portable heaters, fireplaces and wood stoves. Here are some safety tips:

- .. Be sure to test your smoke detectors and review your home fire escape plan.
- .. Before starting a fire in the fireplace, have your chimney inspected by a professional and cleaned if necessary, make sure the flue is open.
- .. Be cautious with portable and space heaters. Place space heaters at least three feet away from anything combustible, including wallpaper, bedding, clothing, pets and people. Never leave space heaters operating when you are not in the room or when you go to bed.
- .. Be sure your wood stove bears the mark of an independent testing laboratory. Follow the manufacturer's recommendations for proper installation, use and maintenance. Chimney connections and chimney flues should be inspected at the beginning of each heating season and cleaned when necessary.
- .. Portable LP Gas (Propane) Heaters with self-contained fuel supplies are prohibited from home use by NFPA fire safety standards.

The up coming holidays are a time of celebration, and that means more cooking, lots of entertaining, Christmas trees and an increased risk of fire. Follow these fire prevention tips to help keep your family safer during the holidays:

Holiday Lighting - Use caution when burning candles. Be sure candles are placed in sturdy, noncombustible holders, and are kept well away from decorations and other combustible materials. Do not leave children unattended in a room with lit candles. Under no circumstances is it safe to use candles to decorate Christmas trees.

When decorating a Christmas tree with lights, be sure to purchase only those that bear the mark of a testing laboratory, never use more than three strings of light on one circuit. Mini lights are safest because they produce less heat. Outdoor lights should be weatherproof and clearly identified as designed for outdoor use.

Holiday Entertaining - Use caution with holiday decorations and whenever possible, choose those made with flame-retardant or noncombustible materials. When cooking for the holidays remember to keep an eye on the range. Unattended cooking is the leading cause of home fires in the U.S., so "Stand by your Pan"!

After a party, always check inside and under upholstery and cushions and inside trash cans for cigarette butts that may be smoldering. When hosting or attending a party, always designate a non-drinking driver.

Christmas Trees - Make sure the tree is fresh, not dry or losing its needles. Keep the tree away from all sources of heat including radiators, furnace ducts, television sets, fireplaces and windows with direct exposure to the sun. Remove the tree as soon as possible after Christmas, if the tree becomes dry and begins shedding needles before Christmas. **DO NOT TAKE A CHANCE!** Remove the tree immediately. Never burn a tree in the fireplace, dry Christmas trees burn very hot and extremely quick.

Please be careful and observe these simple fire safety rules, and enjoy a Happy Holiday Season.

Take Credit When Credit is Due With Your \$200 Tax Credit Donation

Here's your chance to make an important contribution to education in our Fountain Hills Schools- and receive a lot of credit for your generosity and community spirit. Arizona State tax law allows individual taxpayers a TAX CREDIT up to \$200 (per return) on their state income taxes when they make a contribution in support of extracurricular activities in their public schools.

Please do not confuse this TAX CREDIT with a more common tax deduction. Although contributions to public schools have always been tax-deductible, this opportunity allows you a "TAX CREDIT" which you subtract, not from your taxable income, but directly from your taxes owed. As a result, the amount of actual taxes you must pay is decreased, dollar for dollar, by the amount you give your schools up to \$200.

With calendar year 1998 being the first full year for this tax credit, we're excited about your continued support of this great opportunity in 1999. The following table summarizes last year's TAX CREDIT donations received- by site and the programs supported:

McDowell Mountain	\$17,100	Field Trips, fine arts
Four Peaks	\$8,200	Field Trips, fine arts, Computer Club
Middle School	\$16,600	Fine arts, field trips, activity clubs, sports
High School	\$35,600	Fine arts, field trips, activity clubs, sports

Note: many donations did not designate a specific activity, which gave the school flexibility to fund worthwhile extra curricular activities on an as-needed basis.

As you can see, your TAX CREDIT donations enabled the students to take field trips, buy supplies and equipment for their activities, and a whole lot more. Where it used to take the sale of 400 cupcakes to raise \$200 for extracurricular supplies, it can now be done with just one \$200 TAX CREDIT donation. Just imagine the possibilities! If only half of the households in Fountain Hills donated \$200, the student's extracurricular programs would flourish and the state would be crediting back to the taxpayers/donors approximately \$1 million dollars.

If there ever was a true "Win-Win", this opportunity is just that. Please remember that this is a TAX CREDIT, not simply a tax-deductible donation. In addition to the TAX CREDIT advantage, your donation will go directly to the eligible activity of your choice. It just doesn't get better than that! You not only support an activity of your choice, but you get your donation back in the form of a TAX CREDIT.

For parents that pay for their children to participate in extracurricular activities, these fees are also TAX CREDIT eligible and included in the \$200 calendar year limit.

To claim your TAX CREDIT, please contact the school or schools of your choice for more information on this opportunity.

McDowell Mountain	480-837-1656
Four Peaks	480-837-9050
Middle School	480-837-7758
High School	480-816-1075

With only one month left for this TAX CREDIT donation opportunity in 1999, please do not delay - act today! Your generosity and support is appreciated.
